

BMW M4 Coupé  
BMW M4 Convertible  
BMW M3 Saloon

Sheer  
Driving Pleasure

**THE BMW M4 COUPÉ.  
THE BMW M4 CONVERTIBLE.  
THE BMW M3 SALOON.**

International version. Please contact your local dealer for country specific information.

BMW stands for sheer driving pleasure – something that everyone enjoys in their own individual way. Discover a wide world of experience at [www.bmw.com/BMWstories](http://www.bmw.com/BMWstories)

## GET MORE FROM YOUR BROCHURE.

Films, image galleries and much more – discover exciting digital content on every page with a QR code.

Download a QR code-reader compatible with your operating system from the relevant online store. Then, simply start the reader and hold your smartphone or tablet over the code.

You can also discover the BMW M4 Coupé, BMW M3 Saloon and BMW M4 Convertible in a digital brochure. Simply download the BMW brochure app for your device and select the desired model.

Internet use, depending on your mobile contract, may incur costs.

## ONE WITH THE MACHINE.

### THE MODELS SHOWN.

- 04 BMW M4 COUPÉ:**  
M TwinPower Turbo inline six-cylinder petrol engine, 317kW (431hp), 19" M light alloy wheels Double-spoke 437 M Black. Exterior in Austin Yellow metallic, seats in Black full Merino leather, Carbon Fibre interior trim with black chrome accent.
- 10 BMW M3 SALOON:**  
M TwinPower Turbo inline six-cylinder petrol engine, 317kW (431hp), 19" M light alloy wheels Double-spoke 437 M Black. Exterior in Yas Marina Blue metallic, seats in Silverstone full Merino leather, Carbon Fibre interior trim with black chrome accent.
- 14 BMW M4 CONVERTIBLE:**  
M TwinPower Turbo inline six-cylinder petrol engine, 317kW (431hp), 19" M light alloy wheels Double-spoke 437 M Black. Exterior in Mineral Grey metallic, seats in Sakhir Orange full Merino leather, Carbon Fibre interior trim with black chrome accent.

Further information on fuel consumption and CO<sub>2</sub> emissions can be found on pages 48-49 or consult your BMW partner.

### INNOVATION AND TECHNOLOGY.

- 22 M TWIN POWER TURBO ENGINE:**  
Power with maximum efficiency.
- 24 BMW EFFICIENT LIGHTWEIGHT CONSTRUCTION AND ATHLETIC DESIGN:** The art of engineering – at its most powerful.
- 26 CHASSIS:** Innovative systems for more driving pleasure.
- 28 BMW CONNECTED DRIVE:** Services & Apps and driver assistance.

### INDIVIDUALITY AND VERSATILITY.

- 32 EQUIPMENT:** Equipment highlights and BMW Individual.
- 44 COLOURS:** A world of colour for the exterior and interior.
- 48 TECHNICAL DATA:** Engine, performance, fuel consumption, weight, wheels and dimensions.
- 50 BMW SERVICE:** BMW Service, BMW Financial Services and BMW Experience.

# TRAIL BLAZERS

## ONE WITH THE MACHINE.

Maximum performance at the limit. The BMW M4 Coupé, BMW M3 Saloon and the BMW M4 Convertible confront the laws of physics – three icons that yet again set new standards with unprecedented precision. But they don't just push the physical limits. They also extend the boundaries for the driver, making what was once thought impossible, possible – when man and machine become one.

EXPERIENCE ALL THE HIGHLIGHTS  
IN THIS SHORT FILM.

AN ENGINE YOU IGNITE.  
WITH EXPLOSIVE RESULTS.

The M TwinPower Turbo engine delivers the best of both worlds in each of the three models: a 7,600rpm high-revving concept and highly efficient power – with peak torque of 550Nm and output of 317kW (431hp) at your command. With the optional 7-gear M dual-clutch transmission, it takes 4.1 seconds to reach 100km/h (4.4s in the BMW M4 Convertible); 200km/h arrives 9.5 seconds later (BMW M4 Convertible: 10.4s). The overall concept, now in its fifth-generation, has reached a new peak of technical perfection. And you will feel the results in every kilometre.

Master every driving situation. A perfected lightweight construction concept and an extremely low centre of gravity provide the basis for exceptional handling characteristics. The intelligent material mix of carbon and aluminium ensures outstandingly low vehicle weight. And thousands of test laps have proved, without question, that the BMW M3 Saloon, BMW M4 Coupé and the BMW M4 Convertible set new benchmarks when it comes to agility and dynamism.

**CARBON. ALUMINIUM. ADRENALINE.**

EXPERIENCE M GENES AT THE  
LIMIT IN THIS SHORT FILM.

## PUT THE BRAKES ON PHYSICS.

Everything is designed for maximum control in the driver-orientated cockpit: all elements, such as the M seats with their bucket-style character and the M leather steering wheel, ensure perfect ergonomics and command of the vehicle – even in the most dynamic situations. The optional M Carbon Ceramic Brakes reduce weight even more and, with their larger discs and increased number of pistons, further optimise performance, the motor sport feel and service life. The M-specific BMW Head-Up Display, available on request, projects the most important data into your field of vision – so you always keep your eyes on the road. Because what you can see, you can also master.

FRESH AIR,  
TO TAKE YOUR BREATH AWAY.

The apex of the curve is clearly in sight, the machine under perfect control. Like the BMW M4 Coupé and the BMW M3 Saloon, the BMW M4 Convertible has been designed using motor sport technology for pure dynamics at the performance limits. The aerodynamic M design, meanwhile, does more than showcase your commanding position. It also helps you hold your lead in the race.

EXPERIENCE THE BMW M4 CONVERTIBLE  
IN THIS FILM.

**YOU DECIDE  
WHO COMES FIRST.**

## INNOVATION AND TECHNOLOGY.

**M TWIN POWER TURBO ENGINE:** Power with maximum efficiency.

**BMW EFFICIENT LIGHTWEIGHT CONSTRUCTION AND ATHLETIC DESIGN:**  
The art of engineering – at its most powerful.

**CHASSIS:** Innovative systems for more driving pleasure.

**BMW CONNECTED DRIVE:** Services & Apps and driver assistance.

## M TwinPower Turbo engine. Performance with maximum efficiency.

Experience a new dimension of driving enjoyment and efficiency with the innovative BMW engines featuring M TwinPower Turbo technology. This innovation package – a milestone of the BMW EfficientDynamics strategy – combines the latest fuel injection technology and fully variable valve control and camshaft adjustment with innovative turbocharging technology to increase dynamism and efficiency. The result: pure driving pleasure.

### M TWIN POWER TURBO INLINE SIX-CYLINDER PETROL ENGINE.

A passion for innovation and technology combined with many years of motor sport experience flow into every engine developed by BMW M GmbH. It follows that the interplay of all components, including M TwinPower Turbo technology with Valvetronic, two weight-optimised mono-scroll turbochargers, the forged crankshaft and the high-performance cooling system delivers outstanding responsiveness and maximum performance output in the M TwinPower Turbo engines. At the same time, emissions and fuel consumption are reduced.

### BMW M4 Coupé / BMW M3 Saloon / BMW M4 Convertible.

- M TwinPower Turbo inline six-cylinder with 317kW (431hp) and 550Nm of torque
- Acceleration 0–100km/h: 4.3s (4.1s)<sup>1</sup> for the BMW M4 Coupé/BMW M3 Saloon and 4.6s (4.4s)<sup>1</sup> for the BMW M4 Convertible, each with six-speed manual M transmission
- Top speed: 250km/h (restricted)
- Combined fuel consumption: 8.8l/100km<sup>2</sup> (8.3l/100km<sup>2</sup>)<sup>1</sup> for the BMW M4 Coupé/BMW M3 Saloon and 9.1l/100km<sup>2</sup> (8.7l/100km<sup>2</sup>)<sup>1</sup> for the BMW M4 Convertible, each with six-speed manual M transmission
- CO<sub>2</sub> emissions: 204g/km<sup>2</sup> (194g/km<sup>2</sup>)<sup>2</sup> for the BMW M4 Coupé/BMW M3 Saloon and 213g/km<sup>2</sup> (203g/km<sup>2</sup>)<sup>1</sup> for the BMW M4 Convertible, each with six-speed manual M transmission

<sup>1</sup> Values apply to vehicles with 7-gear M dual-clutch transmission.

<sup>2</sup> Fuel consumption and CO<sub>2</sub> emissions are dependent on wheel and tyre size.  
For more information, see pages 48/49.

## BMW EfficientLightweight construction and athletic design.

The art of engineering – at its most powerful.

The BMW M4 Coupé, BMW M3 Saloon and BMW M4 Convertible deliver maximum driving pleasure coupled with an outstanding performance/fuel consumption ratio thanks to BMW EfficientLightweight construction measures in combination with athletic design.

BMW M engineers are always exploring the development of intelligent vehicle concepts. And the results, from drivetrain innovations through to body components, are integrated specifically into M vehicles – for exceptional driving performance with impressive efficiency.

**M TwinPower Turbo technology** featuring a high-rev concept combines performance with efficiency. Innovative turbo technology, High Precision Injection, fully variable Valvetronic valve control, Double-VANOS and the high-rev principle guarantee immediate responsiveness, linear power development over a wide range of engine speeds and a unique sound.

**BMW EfficientLightweight** construction is a peak priority in M vehicles. This is because low weight is the optimum platform for the best driving dynamics and exemplary efficiency. Ultra-light materials such as aluminium and carbon fibre-reinforced plastic (CFRP) are used in many components. This all ensures greater agility and dynamism, including improved acceleration and braking.

Comprehensive and coordinated **aerodynamics measures** optimise driving dynamics, stability, controllability and cooling of M vehicles, particularly at high speeds. Reduced air resistance also improves performance and lowers fuel consumption.

**With Brake Energy Regeneration**, the alternator generates electricity primarily when the driver brakes or takes their foot off the accelerator. Previously unused kinetic energy is transformed into electrical energy and fed into the battery.

**The Automatic Start/Stop function** switches the engine off when the vehicle comes to a temporary standstill (e.g. at traffic lights or in a traffic jam) to reduce overall fuel consumption. When the driver presses on the clutch (six-speed manual) or takes their foot off the brake (optional 7-gear dual-clutch transmission with Drivelogic), the engine automatically starts up again in a fraction of a second.

**Carbon roof.** As part of the BMW intelligent lightweight construction concept, the roof of the BMW M4 Coupé and BMW M3 Saloon is made of carbon fibre-reinforced plastic (CFRP). This helps to reduce mass while also lowering the centre of gravity. And this, in turn, increases agility and dynamics when cornering, accelerating and braking. The carbon fibre structure is visible.

## Chassis. A solid foundation for superior driving dynamics.

Conventional rules do not apply to the BMW M4 Coupé, BMW M3 Saloon and BMW M4 Convertible. As independent productions of BMW M GmbH, they are faithful to the M philosophy and perfectly combine high performance with optimum, everyday practicality. To fulfil these high aspirations, the intricately constructed M high-performance chassis has been entirely redeveloped.

The intelligent networking of chassis components and control systems ensures maximum driving dynamics and agility as well as a high degree of precision and control. Experience fascinatingly authentic driving feel.

The **Active M Differential** optimises traction and driving stability when changing lanes or accelerating out of curves, when cornering at high speed or on roads with uneven surfaces. Traction is improved via an electronically controlled device that reduces the difference in revolution speed between the rear wheels.

**M Dynamic mode** enables the maximum exploitation of lateral and longitudinal dynamic potential for a particularly authentic driving experience. It works by raising the intervention threshold of the Dynamic Stability Control (DSC) system, although the driver is still supported in critical situations.

With the optional **Adaptive M suspension**, electronic control of the shock absorbers ensures optimised road contact and traction in any situation. The suspension settings can be adjusted from comfortable through to sporty-dynamic via the COMFORT, SPORT and SPORT+ modes.

**M Servotronic** adjusts the power steering to suit the current speed and, even at high speeds, ensures direct and precise steering responses. It also provides excellent comfort by minimizing the effort required for steering, as well as maximising agility when parking, manoeuvring and navigating narrow or twisting roads.

The optional **7-gear M dual-clutch transmission with Drivelogic** is an innovative dual-clutch system specially designed for the high-revving BMW M engine. It enables extremely fast gearchanges without any loss of tractive force. Two sub-transmissions, each with its own clutch, continuously relay engine power to the rear wheels.

With the optional **M Carbon Ceramic Brake System**, braking power is implemented more directly. It doesn't corrode, tolerates more heat, is highly resistant to abrasion and contributes to lower vehicle weight, which has a positive impact on agility, dynamics and acceleration. Brake calipers in Gold Metallic with the M logo make this special technical feature visible from the outside of the car.

## BMW ConnectedDrive

So connected, you're free.

Our world is becoming more closely connected every day. And for BMW drivers it goes without saying that they can request information, communicate via telephone or email and always be up to date – all while they're on the go. The BMW ConnectedDrive<sup>1</sup> concept encompasses all the services and innovative technologies that link BMW vehicles and their passengers to the outside world and surrounding traffic.

The **BMW ConnectedDrive Services\*** option provides the driver with a wide range of information, entertainment and service features on the road.

It also includes BMW Online, which enables you to access current, localised information such as weather, news and an online search powered by Google™, as well as various office functions. You can also combine individual services and features such as webcams, fuel price info, parking information, travel and hotel guides in the "Applications" menu.

The secure and comfortable use of selected smartphone applications is also included for an unlimited period of time. The ConnectedDrive Services option also includes access to the **BMW ConnectedDrive Store**, in which services and apps can be booked, extended and selected according to individual needs, at any time and from any place. The ConnectedDrive Services option also offers much more to make each journey in a BMW into a real experience.

BMW ConnectedDrive, with its intelligent services and assistance systems, is ready with all the right equipment. **BMW ConnectedDrive Services & Apps** offer more freedom by providing versatile connections between the driver, vehicle and outside world. **BMW ConnectedDrive Driver Assistance systems** make driving a BMW safer and more comfortable. And intelligent systems make life easy for the driver and minimise the dangers of traffic.

The optional **BMW Head-Up Display<sup>2</sup> with M-specific display** (only in combination with a navigation system) projects driving-related information directly into the driver's line of sight. Pressing a button activates the M-specific display, which additionally shows the selected gear in the six-speed M manual transmission or the optional 7-gear dual-clutch transmission with Drivelogic, rpm as a dynamic range curve and shift lights to indicate the optimum moment to change gear.

The **Driving Assistant** combines the Lane Departure Warning and Approach Warning systems. The Approach and Pedestrian Warning with City Brake Activation issues a warning if there is a risk of collision with vehicles or pedestrians and brakes the vehicle in the event of an emergency. From a speed of approx. 70km/h, the Lane Departure Warning draws the driver's attention to an unintentional lane change by means of slight vibrations in the steering wheel.

With the **BMW Laptimer app<sup>3</sup>**, driving data from the racecourse can be precisely recorded and analysed to improve driving-performance. The recorded information, in categories such as accelerator pedal, steering angle, G-force and best lap time, can be posted as snapshots to Facebook or Twitter or sent by email.

\*May not be available in all countries. Please consult your BMW partner.

[www.bmw.com/ConnectedDrive](http://www.bmw.com/ConnectedDrive)

<sup>2</sup> Visibility of the display is limited with polarised sunglasses. BMW Head-Up Display functionality shown is dependent on equipment. Image shows features that require the purchase of optional equipment.

<sup>3</sup> Download the BMW M Laptimer app from the App Store and experience the dynamism of your BMW M4 Coupé, BMW M3 Saloon or BMW M4 Convertible from a completely new perspective. For more information, go to [Customer.Service@bmw.com](mailto:Customer.Service@bmw.com)

# INDIVIDUALITY AND VERSATILITY.

**EQUIPMENT:** Equipment highlights and BMW Individual.

**COLOUR:** A world of colour for the exterior and interior.

**TECHNICAL DATA:** Engine, performance, fuel consumption, weight, wheels and dimensions.

**BMW SERVICE:** BMW Service, BMW Financial Services and BMW Experience.

## BMW M4 COUPÉ.

**[ 01 ]** The athletic design of the BMW M4 Coupé accelerates the senses – even at a standstill. **[ 02 ]** Striking interior design with circular, M-specific instruments, the M leather steering wheel with chrome trim and coloured contrast stitching as well as the optional Carbon Fibre interior trim.

**[ 03 ]** The tailgate design features an integrated rear spoiler that aerodynamically optimises downforce and further reduces weight through its use of carbon. **[ 04 ]** The M seats, with their functional bucket-style character, integrated head-restraints and illuminated M symbols, have a powerful design and perfect ergonomics. Shown here in the optional full, fine-grain Merino leather in Black. **[ 05 ]** The optional 19" M light alloy wheels Double-spoke 437 M with mixed tyres, shown here in black, signal the vehicle's lightweight construction concept with their special forging technology.

## BMW M3 SALOON.

**[ 01 ]** The bold design demonstrates the innate power of the BMW M3 Saloon. **[ 02 ]** The athletic interior is characterised by typical M driver orientation and perfectly crafted materials. The ergonomically optimised shift lever of the optional 7-gear dual-clutch transmission with Drivelogic conveys motor sport feel and the free-standing Control Display presents all functions in particular clarity.

**[ 03 ]** The diffuser, the characteristic M double tailpipes in the rear apron and the new L-shaped rear lights with full-LED technology signal power and compelling purpose. **[ 04 ]** The deep position and high side bolstering of the M seats with their bucket-style character, shown in optional full, fine-grain Merino leather in Silverstone, convey a motor sport feel. **[ 05 ]** The light alloy wheels are specially optimised for steering precision, traction and stability. Optional 19" M light alloy wheels Double-spoke 437 M with mixed tyres, here in Ferric Grey.

## BMW M4 CONVERTIBLE.

**[ 01 ]** At the front, multi-faceted surfaces, precise contours and a strong three-dimensional feel give full expression to a new understanding of design from BMW M. **[ 02 ]** The exclusive cockpit with typical M driver orientation exemplifies the ergonomic concept of M vehicles. All control elements and displays, as well as details such as the M driver's footrest, are consistently focused on the driver. The emphasis, as in motorsport, is on intuitive control combined with the fastest possible reaction times.

**[ 03 ]** The "fast" side lines and sporty, flat rear combine high dynamism with the utmost elegance. **[ 04 ]** The M seats are distinguished by their perfect ergonomics and body support during dynamic driving. Shown here in optional Sakhir Orange full fine-grain Merino leather. **[ 05 ]** The M light alloy wheels feature sporty design and contribute to the car's weight reduction. 18" M light alloy wheels V-spoke 513 M with mixed tyres, as standard.

# BMW Individual

The expression of personality.

BMW Individual paint finish  
Azurite Black metallic.

**The BMW Individual M3 Saloon. A sporting icon that also sets the aesthetic standards.**

□ The unmistakable appearance of a legend: inspired by azurite crystals, the BMW Individual paint finish Azurite Black metallic, in the fall of light, reveals a unique spectrum in blue beneath its deep-black surface, giving the BMW M3 Saloon a particularly elegant presence.

The fifth generation, the highest values: The palpably fine structure and exquisitely soft surface of the BMW Individual fine-grain Merino leather in Amaro Brown impresses with its velvety look and supple feel. The interior trim Plane Auburn dark in hand-selected fine wood complements the leather perfectly.

BMW Individual fine-grain Merino leather in Nutmeg, Gold Brown, Opal White, Amaro Brown and Cohiba Brown (top to bottom).

BMW Individual extended fine-grain Merino leather in Amaro Brown with fine-wood trim in Plane Auburn dark and leather-covered instrument panel.

EXPERIENCE BMW INDIVIDUAL INTERACTIVE.

Figures in [ ] refer to vehicles with M DCT Drivelogic.

<sup>1</sup> Not accounting for market-specific equipment.

<sup>2</sup> Figure quoted includes a 50% full tank, 68kg for the driver and 7kg of luggage. Unladen weight applies to vehicles with standard equipment. Optional equipment increases this value.

<sup>3</sup> Roof rack preparation only in conjunction with optional glass roof.

<sup>4</sup> The petrol engine is designed to run on RON 98 fuel. It may be run on RON 95 fuel with a possible decrease in engine output.

<sup>5</sup> The inline six-cylinder engine complies with the EU6 emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle. This is made up of approximately one third urban and two thirds extra-urban driving (based on the distance covered). CO<sub>2</sub> emissions are measured in addition to fuel consumption. Optional equipment may increase these values.

<sup>6</sup> Electronically restricted.

All optional equipment in this brochure can be installed in the factory. For additional requests, your BMW partner can provide accessories brochures offering a wide range of features. If you have very specific wishes for your BMW, there is also BMW Individual, which is sure to have exactly the right equipment to meet any requirement. If you have any questions, please see your BMW partner who will be glad to assist.

All dimensions in the technical drawings are given in millimetres.

## WELL TAKEN CARE OF WITH BMW SERVICES:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. For example, the **Condition Based Service** independently tracks both service fluid levels and the condition of parts subject to wear and then notifies you in the display when the vehicle requires servicing. So you only need to go to your BMW service partner when it's really necessary. When you do go, our

**qualified BMW service specialists** take care of your vehicle using the newest workshop technology and only **original BMW parts**. This service is available worldwide in more than 3,300 BMW service partner establishments in over 150 countries, to provide you with limitless driving pleasure.

### BMW SERVICE.

**BMW Service Inclusive\*:** The BMW Service Inclusive service packages ensure that costs for maintenance, inspection and worn parts are covered for the duration of your contract, allowing you to focus on unlimited driving pleasure. This service is available worldwide from all participating BMW service partners. For more information please visit [www.bmw.com/serviceinclusive](http://www.bmw.com/serviceinclusive)

**BMW Guarantee extension:** The BMW guarantee extension packages offer extended protection for your newly purchased BMW, in addition to the legal guarantee period. So you can enjoy another three years of carefree driving (up to the vehicle's 5th year). Find out more at [www.bmw.com/serviceinclusive](http://www.bmw.com/serviceinclusive)

**BMW Mobile Service\*:** This service is there for you in case of a breakdown, day and night. Specially trained BMW technicians do everything necessary, on the phone or on-site, to get your car back on the road as fast as possible. We offer a comprehensive country-specific mobility package for breakdowns and insurance that covers you in the event of an accident or theft. And in case of an accident, call us at the BMW accident hotline! We'll take care of calling the police, an ambulance, a tow truck, a replacement car, notifying your insurance company and much more. For more information visit [www.bmw.com](http://www.bmw.com)

**BMW Teleservices\*:** With Condition Based Service, you'll be automatically notified in the display of your next necessary service appointment. Provided you've consented, the most important vehicle data required for analysis will be relayed to BMW automatically. Your assigned BMW service partner will access the information and contact you free of charge to make a service appointment – if one is necessary. To access BMW Teleservices, the vehicle must be equipped with the optional Intelligent Emergency Call or ConnectedDrive Services. If necessary, the service can be deactivated at any time. For more on this topic please visit [www.bmw.com/teleservices](http://www.bmw.com/teleservices)

### BMW FINANCIAL SERVICE.

**BMW Financial Services:** Tailor-made finance: BMW Financial Services offers you attractive leasing, finance and insurance packages. For further information visit [www.bmwfs.com](http://www.bmwfs.com) or ask your local BMW partner to make you an individual offer.

### THE BMW EXPERIENCE.

**BMW TV\*:** [www.bmw.tv](http://www.bmw.tv) enables you to experience the BMW brand in all its diversity. Features, portraits and background reports provide you with information on automobiles, innovations, sports and lifestyle topics.

**BMW Driving Experience:** The better you control your BMW, the more enjoyment you will derive from driving it. Use our training courses to learn for yourself what it means to reach a car's physical limits on various types of surfaces, and what you have to do to control your vehicle even in extreme situations. For further information please visit [www.bmwdrivingexperience.com](http://www.bmwdrivingexperience.com)

**BMW Welt:** Collecting a new car at BMW Welt ranks among the best moments any driver can experience. Turn this moment into an unforgettable day, and make the handover of your new BMW part of a unique programme of activities tailored to your personal preferences. With the BMW Plant, the BMW Museum and the BMW Group Headquarters, you will be surrounded by fascinating history, a breathtaking present and spectacular visions of the future. Find out more at [www.bmw-welt.com/en](http://www.bmw-welt.com/en)

**BMW Magazine:** In BMW Magazine, experience the newest BMW models in front of stunning backdrops. Discover new design trends, travel destinations and the richness of modern life. Encounter people with visionary ideas who are changing the world. Find out more at [www.bmw.com/magazine](http://www.bmw.com/magazine)

## SHAPING THE FUTURE – RESPONSIBLY.

In 2014, the BMW Group was once again ranked the most sustainable car manufacturer in the world by the Dow Jones Sustainability Index. It is the only automotive company to have featured on the renowned index every year since its inception. The development of efficient vehicle concepts and eco-friendly production processes, up to and including recycling, is an integral part of our engineering philosophy. BMW EfficientDynamics standards have enabled us to cut the CO<sub>2</sub> emissions of our fleet of new vehicles in Europe by more than 30% between 1995 and today. We're also aiming to reduce the amount of resources such as water and energy used in production by 45% between 2006 and 2020. Production at our engine plant in Steyr has been waste-water free since 2007. And of course each of our vehicles is designed for easy and economical recycling after its long running life. Please contact your BMW partner on all matters regarding your end-of-life vehicle. For further information please visit our websites.
